4 Axis SCARA Robot, 600mm Arm Length, 2kg Load

5 out of 5 based on [1 reviews](#) | [Write a review](#)

\$7,853.16

Best 6kg rated load SCARA robot for sales, 4 axes, available in arm length of 600mm, has a powerful and compact design, maximum payload up to 8kg, suitable for the automation of assembly and inspection. Equipped with high performance control box and teaching box, provides great flexibility and expandability.

Base Mounting Hole Dimension (unit: mm)

I'm happy to buy this high quality SCARA robot. First of all, the appearance of the robot is very good, the combination of green and gray. 4 axis SCARA robot works very well and is easy to assemble.
